EDUCATION

KOCSSA, KCAIT — Computer Programming

April 2016, Obtained a certification in computer programming from Kentucky Occupational Skills Standards Assessment.

Graduate, Simon Kenton — *Magna CumLaude*

May 2017, I graduated this year with Magna Cum Laude

EXPERIENCE

Creating Websites, KCAIT

2013-2017, During my time in the Informatics section in KCAIT I taught myself a bit of HTML and CSS. Using this knowledge I helped my fellow classmates with their websites they were creating, my projects, and made websites for fun.

Experience with Java, KCAIT

2013 - 2014, I created a Program using Java for a school project.

Experience giving presentations, KCAIT

2013 - 2017, For my KCAIT projects I have had to come up with an idea for a program or product, then create a presentation to show a panel of judges. After I get their thought of the project I have to create the program or product, create a presentation and show my finished product to another panel of judges.

PROJECTS

Space Game, KCAIT — Computer Programming

In my Sophomore year of high school, I created a small program using Java for a KCAIT project.

Tri-State Travel app, KCAIT — Computer Programming

In my Junior year of high school, I created an app using HTML and CSS for KCAIT project.

Rechargeable portable pencil sharpener, KCAIT

In my Senior year of high school, I designed a rechargeable portable pencil sharpener.

KCAIT Website, KCAIT — Computer Programming

In my Senior year of high school, a group of my peers and I redesigned and coded the Kenton County Academies of Information Technologies website.

SKILLS

I am familiar with HTML and CSS.

I can speak in front of a crowd.

I am comfortable being a project leader.

I am a brown belt in Okinawan karate and I have experience in several other martial arts.
